

# molecular microbiology

---

**On the cover:**  
**Mitochondrial**  
**translation factors in**  
**the parasitic protozoan**  
***Trypanosoma brucei***

---

**Regulation of capsular**  
**polysaccharide by**  
**quorum-sensing in**  
***Vibrio vulnificus***

---

**Association of the**  
***Neurospora crassa***  
**STRIPAK complex with**  
**the nuclear envelope**

---

**Metabolic control**  
**of respiration in**  
***Saccharomyces***  
***cerevisiae***

---

**WILEY Blackwell**
